

10th Annual GEOGRAPHY STUDENT SYMPOSIUM

April 7 & 8 2011

Thursday 7th April (Room 444 Science Hall)

Opening Key Note Address (2pm)

Abigail Neely, *Evaluating the Pholela Community Health Centre as a "Model for the World"*

Climate Session (3:00 - 4:30pm)

3:00 **Cathy Day** *Climate Change and Rural Hausa Livelihoods: Land, Labor and Gender in the Muslim Sahel*

3:30 **Sam Munoz** *Distinguishing the influence of prehistoric agriculture on late Holocene forests of southern Ontario, Canada*

4:00 **Karen Russ** *Response of the Hydrological Cycle to Global Warming in a Transient Simulation of the Last 22,000 Years*

Food Session (4:45 - 5:45pm)

4:45 **Andy Davey** *Beyond Hippies, Hipsters, and Hyperpatriots: Why Liberals and Conservatives Show Up to Midwest Farmers Markets*

5:15 **Jonathan Munetz** *Consuming place: Food, identity and assimilation in Montpellier, France*

Friday 8th April (room 444 Science Hall)

Climatic Drivers Session (8:30 - 11:00am)

8:30 **Leslie Sinak** *Impacts of Climate & Land-Use Change: Applications of wavelet analysis and statistical methods in the Sugar River, Wisconsin*

9:00 **Magda Wisniewska** *Visualizing the de-urbanization of Lower Silesian Voivodeship, Poland*

9:30 **Fei Ma** *A modern analog analysis of out-of-phase pattern for the East Asia summer monsoon and its surrounding areas during the recent 8000 years*

10:00 **Marty Elmer** *Evaluating Multi-Variable Mapping Techniques and the Changing Role of Thematic Maps*

10:30 **Nathan Boerner** *The Relation of El Niño Southern Oscillation to Winter Tornadoic Environments*

Memory and Affect Session (11:00 - 12:15)

11am **Adam Mandelman** *Forgetting the 'Milieux de Mémoire': Toward New Geographies of Memory*

11:25 **Sarah Bennett** *Affect in Russian Animated Film*

11:50 **Mario Bruzzone** *The Touch of the State*

Urban Spaces Session (12:15 - 1:15pm)

12:15 **Jason Nu** *Representing the global city in the DDB/Financial Times "Cityscape" advertisement campaign*

12:45 **Alex Brown** *Recreating the Social Environment of Salmon Beach: An Analysis of the Salmon Beach Community and Applications Within the Field of Urban Design*

Contaminated Landscapes Session (1:45 - 2:45pm)

1:45 **Marigold Norman** *Decontaminating Memory: bodies, bison and chemicals in land right negotiations for the Badger Army Ammunition Plant, Wisconsin.*

2:15 **Katie Wirka** *Jáchymov: A Crossroads of the Regenerative and Destructive Properties of Uranium*

GIS Session (2:45 - 3:15pm)

2:45 **Fei Du** *Progressive Geovisual Analytics of Raster Data: A Volume-Rendering-Based Approach*

Closing Key Note Address (3:30pm, Room 180)

Marie Pepler, *Mapping Life After Graduation: From Dirt to Floods*
