

Madison, WI: According to Hans

Or: The sad, sad life of a college student

(Or: Why I'd would be the worst tour guide ever)

((Unless you just want to get some ramen and go to class))

This map documents my travels over the course of 6 weeks.
All data was collected using the Open Paths app on my iPhone,
between the dates of 8 November and 19 December, 2013.

Projection: NAD 1983 Wisconsin Transverse Mercator

Parameters: False_Easting: 520000.0

False_Northing: -4480000.0

Central_Meridian: -89.42
