

# AMERICA: APPAREL IN OUR FAVOR

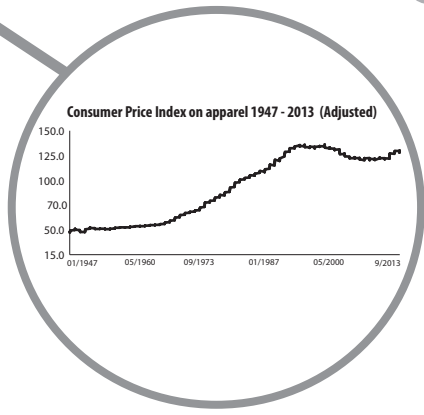

Square Meter Equivalent of Apparel in Millions

“Hourly wages offered by UNICOR range from 23 cents an hour...to a princely \$1.35 for “premium” prisoners, comparable to the hourly wage of Chinese garment workers. That’s a good deal less than the \$2 average hourly wage for a manufacturing worker in the Philippines or the \$6 an hour average wage for mexican manufacturing workers”

- Rosa Brooks, excerpt from *Incarceration Nation*
