About:
 United States tile grid colors are based on nearest coffee business location within 20 miles of the grid boundary. If points fell within the grid cell, the most occurring brand within that grid cell was chosen. Tiebreaker went to the brand with the fewest total locations overall. Counts by brand were as follows: Starbucks (14,717), Dunkin' (9,543), Tim Hortons (661), Caribou (646), Dutch Bros (331), Shipley (319), Peet's (262), Coffee Bean & Tea Leaf (261), and Biggby (245). The nationwide prevalence of Starbucks and Dunkin' prevent some region patterns from emerging in the grid map. The maps below show the spread of points for each chain separately.

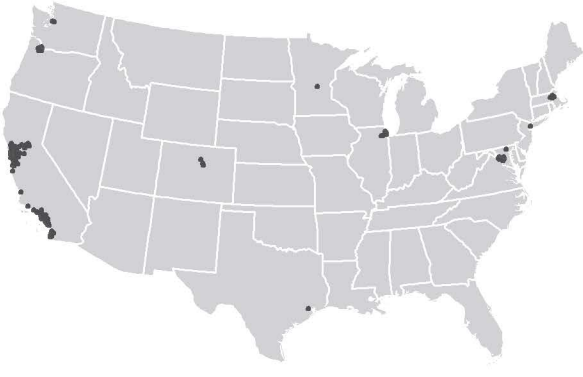

Starbucks Coffee

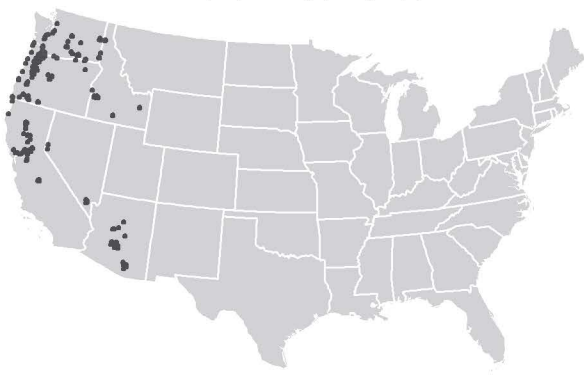

Coffee Bean & Tea Leaf

Peet's Coffee

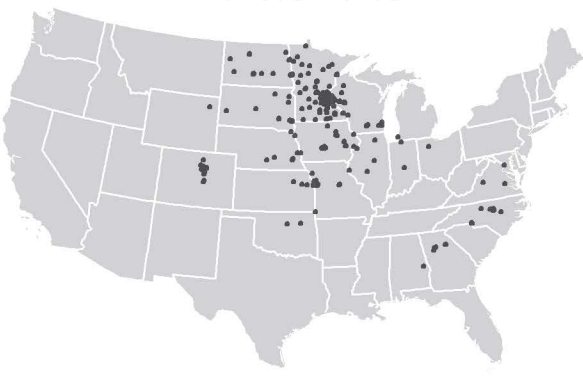

Dutch Bros Coffee

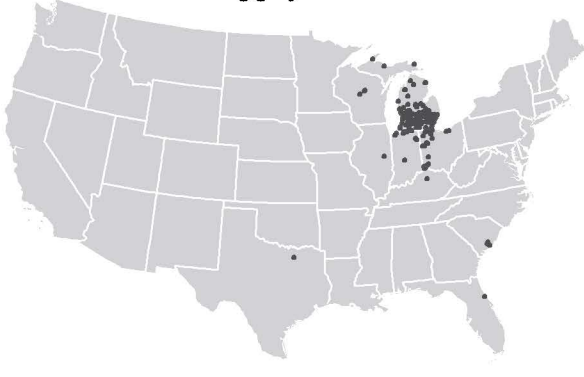

Shipley Do-Nuts

Caribou Coffee

Biggby Coffee

Tim Hortons

Dunkin' Donuts
