

Fire Station Placement in the Madison Area

There are 26 Firestations in the Madison area shown

Any area over 7000 meters is considered to have no fire protection

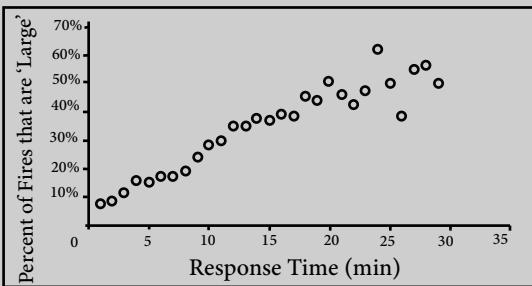

Most of the Madison area falls within distance requirements

Many areas are close to the maximum safe distance and could be improved by an additional fire station

- Fire Departments
- Highways
- Lakes
- Municipal boundaries

- Distance to Nearest Fire Department
- < 1000 meters
- 1000-2000 meters
- 2000-3000 meters
- 3000-4000 meters
- 4000-5000 meters
- 5000-6000 meters
- 6000-7000 meters
- > 7000 meters

There is an almost linear relationship between response time (distance) and size of fire

This area of the Town of Dunn shows as having no fire protection, though it likely has firestations nearby to the south
